

# ROOFERT™ Bolus

Now ensure “Calf a Year” with the help of Natural Fertility solution

## Roofert Cures

### pH of Reproductive System :

Kokilaksha & Shatavari improves the natural power of genitals to get lubricated naturally.

### Uterine Infections :

- **Vang Bhasma :**  
Detoxification of reproductive system.
- **Kapikachhu :**  
Increases antioxidants in blood level.
- **Garger & Ashwagandha :**  
Boosts proliferation of healthy uterine cells & immune response.
- **Shatavari :**  
Cures inflammation & hormonal imbalance. Tones and nourishes reproductive system.

Roofert Bolus offers “YOGAVAHU EFFECT” as Roofert contains :

- Latakaranja
- Vang Bhasma
- Kokilaksha
- Kapikachchu
- Garger
- Gokshur
- Ashwagandha
- Shatavari

### Salpingitis & Blockage of Fallopian Tubes :

Latakaranja : Improves uterine blood flow and uterine contractions, leading to removal of clots & debris.

Vang Bhasma : Improves uterine contractions & helps in cleaning.

### Cystic Ovaries :

Vang Bhasma : Helps in formation of healthy, mature ova.

Shatavari : It nourishes the ovum. Enhances folliculogenesis and ovulation. Maintains oestrogen – progesterone levels.

### Improper Function of Fimbria :

Vang Bhasma : Rejuvenates and strengthens reproductive tract.

Gokshur : Mainly used for endurance, muscle development.

Increases concentration of hormones.

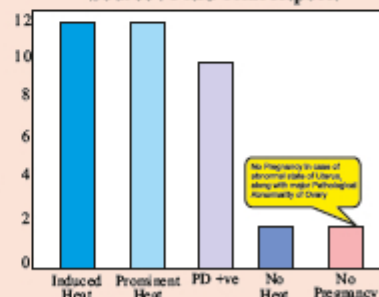

### Early Embryonic Death :

Garger : It is the rich source of Vit.A, required for embryo development.

Shatavari : Cures hormonal imbalance and nourishes reproductive system.

Source : Field Trial Report.

### Dosage :

For Repeat Breeding : 1 Bolus twice daily for 10 days.

For Calf A Year Policy : Post-calving from 45 days

1 Bolus twice daily for 10 days.
